

**The *All of Us*
Research Program**
Virtual Event: The
COVID-19 Impact on
Latino Communities

Join Us

Learn how you can be included in shaping the future of health care for you, your family, your community, and generations to come by joining us for an *All of Us* Research Program virtual event.

**November
16th**

Tuesday, November 16th, 2021
5:30 p.m. - 6:30 p.m.
Register online at:
<https://bit.ly/3BlurRf>

Presented by:

Dr. José Mayorga, Executive Director, UCI Health FQHC, will discuss the impact the COVID-19 pandemic has had on the Latino communities, the current state of the pandemic, provide education around COVID-19 vaccines, and the outlook of the pandemic over the coming months.

At the moment, health care is often one-size-fits-all. When we visit the doctor, our treatments are often the same. We think one day health care should be tailored to you. This is called precision medicine. And research can help us get there. How? By creating a resource that may allow researchers to conduct thousands of studies on health and disease. Join us. The future of health begins with you.
