

**The *All of Us*
Research Program
Virtual Event:**

Women in Research

Join Us

Learn how you can be included in shaping the future of health care for you, your family, your community, and generations to come by joining us for an *All of Us* Research Program virtual event.

**July
21st**

Wednesday, July 21, 2021
2:00- 3:00pm PST

Register at: bit.ly/3gXSDa2

Presented by:

Join us as we explore the Research Hub and Workbench with a live demo. Learn how Dr. Hurley-Kim and Catherine Hubbard are using *All of Us* Research Program data for their health research projects.

At the moment, health care is often one-size-fits-all. When we visit the doctor, our treatments are often the same. We think one day health care should be tailored to you. This is called precision medicine. And research can help us get there. How? By creating a resource that may allow researchers to conduct thousands of studies on health and disease. Join us. The future of health begins with you.
