

**The *All of Us*
Research Program**
Virtual Event:
**Celebrating Women
in Science**

Join Us

Learn how you can be included in shaping the future of health care for you, your family, your community, and generations to come by joining us for an *All of Us* Research Program virtual event.

**April
1st**

Friday, April 1st, 2022
3:00 PM - 4:00 PM PDT
Register online at:
<https://bit.ly/allofuscaaprill>

Presented by:

Panelist: Dr. Hoda Anton-Culver, Melissa Carvalho, MPH, Caroline Nickerson and Samah Younes.

Help us celebrate women in science by joining us for a candid conversation with women across California about the future of health research.

At the moment, health care is often one-size-fits-all. When we visit the doctor, our treatments are often the same. We think one day health care should be tailored to you. This is called precision medicine. And research can help us get there. How? By creating a resource that may allow researchers to conduct thousands of studies on health and disease. Join us. The future of health begins with you.
